### Why We Need **You** in the Gang:

Children are the future leaders! But in the meantime, there's a trend going around in today's youth:

- Kids often give up on their dreams as they feel isolated from the world
- 1 in 4 California students drop out of school, live in poverty, can't read or write, and/or are in jail
- 60% of inner city children are raised by a single parent
- 4 out of 10 students in the U.S. drop out of school entirely
- 57% overall students improve their chances for graduation & career success through mentors
- They are constantly needing and asking for mentors to help them through life's obstacles and challenges
- Role models who've achieved success are proven to be essential for student motivation

**Gangofhope.com builds bridges.** Many successful civic and corporate leaders are committed to making a difference in their communities and look for ways that they can make significant contributions. However, due to time restraints they can't contribute as much as they would otherwise. **"Gang Of Hope"**® can bring you the maximum value for your time by contributing knowledge and life-development ideas that can give each student motivation for now and for years to come.

## How will sharing your journey to success **Benefits Students:**

- It will give them a rare opportunity to learn about your profession/career
